At JimSam Inc., we help women, authors and businesses reach heights not yet imagined!!

JimSam Inc. is Tampa Bay's newest publisher.

Authors retain full rights to their written works of art while receiving vital assistance and guidance. we ensure the look, feel and format of the end product are all in alignment with the creator's intent.

Why choose JimSam Inc. Publishing?

For a novice author, approaching publishing companies can be a daunting task. In addition, there are many vanity presses that will offer to publish your work for an exorbitant fee. They'll print a couple of hundred copies and then send you on your way.

Traditional publishers may sign one or two new authors a year. Most won't even take the time to review your manuscript.

At JimSam Inc., we work for you! We specialize in unknown, undiscovered, diamond-in-the-rough authors.

We'll provide you with outstanding customer support and give your written work of art the attention it deserves.

Imagine being a published author!

Picture people coming up to you at a meeting with a copy of your book and requesting an autograph.

Visualize passing a bookstore and seeing your book in the window.

Consider being interviewed for an article.

Imagine the fame that comes with being published.

A book provides you with more credibility than anything else you can do: more credibility than an audiotape, a videotape, a seminar, a screenplay or a song. People place a higher value on a book than on a tape—even though the same amount of work may have gone into the production. The fact is authors are highly valued in our society.

Will my book be available in bookstores?

Yes! JimSam Inc. distributes titles nationwide. We have special agreements with distributors and wholesalers to place actual product ready to be purchased, ensuring your work is available in **all** the major book outlets, both physical bookseller stores and online websites.

What will you do to market my book?

Why try to do it yourself when you can work with a highly trained marketing staff that **knows** this industry and **knows** what it takes to sell books? Our marketing staff will partner with you and work hard to set up book signing events, media coverage and book reviews.
